By car

On the Ring (RO) around Brussels, take exit 18 Ruisbroek-Drogenbos and follow the direction of Drogenbos (via Grote Baan). You will arrive at a big road (Alsebergsesteenweg), where you turn right.

After about one and a half kilometer on the Alsebergsesteenweg you turn left to the Linkebeekstraat (just before a bus stop at the right side of the road). The Linkebeekstraat will become the Dwersbos. Here you'll find at nr. 28, on your left, the INBO Linkebeek buildings.

On foot or by bike from the train station Linkebeek

Every hour IR trains from Brussels to Nivelles stop in Linkebeek (20 minutes trip).

You head for the stairs on the platform and cross the railroad by a bridge. At the first junction, take the street on the left (Kasteelstraat) and at the next junction again turn left (Zavelstraat). At the next crossing, turn right (Kasteelstraat) and keep on following straight ahead. Cross the next junction with the Brouwerijstraat-Hollebeekstraat and enter the Dwersbos. In this street you will find on your right hand side, after about 200m, the INBO Linkebeek buildings.

The walk from the station to INBO takes about 15 minutes.
